

A Report of the

Aranya Saptaha, 15th July, 2022

By:
ENVIS RP on Environmental Biotechnology, University of Kalyani
West Bengal, India
Sponsored by: MoEF & CC, Govt. of India

DESKU ENVIS RP on “Environmental Biotechnology” celebrated Aranya Saptaha on 15th July, 2022 as plantation drive as part of Azadi Ka Amrit Mahotsav in collaboration with Forest Department of West Bengal, which is observed annually during planting season. Save forest save earth “Plant trees save life”. Plantation is best way to save environment. Awareness in this connection is important and efforts required creating in mass. The plantation program was conducted with the aim to make the greenery environment in the campus and to provide the fresh air and also to reduce the impact of the pollution, also for the reduction of the land cuttings and soil erosion.

The plantation programme was started at 11.10 am with the administration of Honb’le Vice Chancellor Prof. (Dr.) Manas Kumar Sanyal. The Hon’ble Vice chancellor and District Forest Officer of Nadia Murshidabad Division, Krishnanagar, Nadia, inaugurated the Aranya Saptaha by planting the tree saplings in front of ENVIS RP, University of Kalyani. Registrar, Deans, Head of the Departments, Officers, faculties, students and research scholars were participated in the programme. Prof. Kausik Mondal (ENVIS Coordinators) and ENVIS staffs were palanted the tree saplings. More than 150 members of the University of Kalyani took part in the programme and planted the different tree saplings. University of Kalyani had taken initiative of plantation near about 3000 plants in the university campus in 5 acres of area. This programme was started from today.
