

## **A Report on EIACP National Workshop on Life for Environment (LiFE)**

**Of**

**DESKU EIACP Resource Partner on Environmental Biotechnology, KU**

**Date: 30<sup>th</sup> January, 2023**

**Sponsored by: MOEF&CC, Govt. of India**

Environmental Information Awareness Capacity Building and Livelihood Programme (EIACP), Sponsored by Ministry of Environment, Forest & Climate Change, Govt. of India was arranged a National Workshop on Life for Environment (LiFE) on 30<sup>th</sup> January, 2023 at Indira Pariyavan Bhaban, Johar Bag, New Delhi. The aim of the workshop is an opportunity for all EIACP (PCs and RPs) to showcase the products they have developed. EIACP (PCs and RPs) displayed and gave information of their own products in different stalls. In this programme the Green Skill Development Programme (GSDP) trainee were participated with their relevant products and scientific models in different stalls. Along with EIACP participants, students from different schools were also present in the workshop.

DESKU EIACP Resource Partner on Environmental Biotechnology, University of Kalyani, funded by the Ministry of Environmental, Forest & Climate Change, Govt. of India was actively participated in the National workshop on LiFE (Life for environment) on 30<sup>th</sup> January, 2023 through a beautiful display stall (No-10). Coordinator, Prof. Kausik Mondal and EIACP staff (Dr. Anusaya Mallick, PO, Mr. Sourov Banerjee, IO, Mr. Tanmoy Acharjee, ITO) including two Green Skill Development Programme (GSDP) trainee Mrs. Saptaparna Paul and Mr. Ranjan Kumar Das participated the workshop. The workshop and EIACP stalls were inaugurated by the Chief Guest of the workshop Hon'ble Minister Shri. Bhupender Yadav. He visited our stall and appreciated us for our nice presentation. **We displayed our products like posters, android mobile apps, documentary short film on Environmental issues and also displayed GSDP Waste Management relevant products like biogas manure, biogas slurry, vermicompost, panchagabyan, eggcell powder, biogas slurry cake, azolla biofertilizer, hair oil, body oil, cold cream, leaf mat, Foot cream, native vegetable seeds & saplings, food packing with palm leaf basket, palm leaf plates and bowl, mud pot for storage in home, bamboo products (brush, pen, ear buds and tongue cleaner), low water intensive crop seeds and also some scientific models like Integrated Farming System, Integrated Nutrition Garden, Seed bank on naturally grown vegetables and Bio gas model.** A video and power point LCD presentation also displayed in the stall. Visitors were allowed from 10.00 a.m to 5.00 pm to visit stalls. DESKU EIACP staffs were always ready for demonstration and provided query responses. We provided query services to school students as well as visitors.

All the EIACP (PCs and RPs) were involved with enthusiastic spirit and gathered a new experience first time in the workshop. The workshop was successfully organised with joy and happiness with the personal guidance of Ministry Peoples.
